Single Family on 0.00 Acres

Gariepy, Edmonton, AB

A rare gem in Gariepy. This nearly 3,000 sq ft architect-designed home was purchased over 40 years ago from the architect themselves, and sits on a 650+ sqm corner lot of a cul-de-sac. With 5 bedrooms, 3 baths, vaulted ceilings, and a rare C-shaped layout around a private courtyard, it blends character with scale. The upper-level primary suite features panoramic windows, a walk-in closet, and wood-accented ensuite. A floating walkway connects the two sides of the second floor, overlooking the family room below, and features built-in art hangers with custom lighting. Original mid-century light fixtures, a formal living and dining room with oversized windows, a central family room with wood fireplace and custom bar complete the picture. Front yard landscaping includes a sculptural garden and custom bridge to the entry. Mostly original, with an updated roof, balcony drainage, and rebuilt furnace (2018). An iconic piece of history ready for its next chapter.

Built in 1978
